

Want to ditch the dirt without blowing your budget?

## Get Verizane™ Cleaning Chemistry from Chemtronics®!

Introducing Verizane Cleaning Chemistry – a high performance new line of non-ozone depleting, HCFC-141b free cleaning formulations – engineered to provide outstanding performance at an affordable price.

*All Verizane Products are:*

- Non-ozone depleting
- Nonflammable
- Low odor
- Fast drying
- Excellent cleaners

Check for the VZ designation on product labels to make sure your company is using the quality HCFC-141b alternative with an affordable price.

Contact ITW Chemtronics today for more information about the new Verizane products. Call our technical hotline at 1-800-TECH-401, or email us at [askchemtronics@chemtronics.com](mailto:askchemtronics@chemtronics.com).
